

HP Value Series Compaq S2021 20-inch Widescreen LCD Monitor

Fitting your business budget

HP presents a budget-friendly monitor that offers a valuable view of your savings as well as your work.

“Going Green” doesn’t have to cost a lot of green

You don’t have to spend a lot of money to get the tools you need to succeed in today’s “green” environment. The value-priced Compaq S2021 houses a widescreen, low power consumption panel that uses less power and contains 50% less mercury than other 4 lamp LCD monitors on the market. This can translate into less impact on the environment and more savings for your business. As well, the display glass is Arsenic-free and the packaging materials and plastic components of the monitor are completely recyclable, which can help improve your responsible recycling efforts when the time comes to upgrade or replace your monitor.

Budget-friendly for your business

The Compaq S2021 delivers impressive performance at a budget-friendly price. Features that will help you save money while you focus on your work include adjustable tilt settings to help you find your most comfortable viewing angle, a crisp native resolution of 1600 x 900 in a broad 16:9 aspect ratio, and fast 5 ms response times to help control ghosting*. Finally, VESA mounting capabilities free up desk space while a VGA input makes “plug and play” connectivity quick and easy.

HP options can add value to your business

The Compaq S2021 offers guaranteed out-of-the-box compatibility with HP business products and HP LCD monitor options (each sold separately), including:

- An HP Quick Release to quickly and securely attach the monitor to a variety of stands, brackets, arms or wall mounts**
- An HP USB Graphic Adapter to connect up to six simultaneous displays, helping you boost productivity and multi-task across several open applications
- An HP Business Security Lock Kit to protect against unauthorized removal

Value your experience with HP

HP understands the value of a warranty. The Compaq S2021 comes with a three year limited warranty that includes parts, labor, on-site service and support, so if you have an issue with your monitor, HP will be there for you. .

Compaq S2021 20-inch Widescreen LCD Monitor

*All performance specifications represent the typical specifications provided by HP's component manufacturers; actual performance may vary either higher or lower. **The HP Quick Release has been designed to support a maximum of up to 24 lbs (10.9 kg) for all devices mounted. Because mounting surfaces vary widely and the final mounting method and configuration may vary, mounting fasteners are not supplied (other than the VESA-compliant screws). HP recommends that you consult with a qualified engineering, architectural or construction professional to determine the appropriate type and quantity of mounting fasteners required for your application and to ensure that your mounting solution is properly installed to support applied loads.***HP Care Pack Services extend service contracts beyond the standard warranties. Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts from date of hardware purchase. To choose the right level of service for your HP product, use the HP Care Pack Services Lookup Tool at www.hp.com/go/lookuptool. Additional HP Care Pack Services information by product is available at www.hp.com/hps/carepack.
