

425 Notebook PC

Essential Mobility

The 14.0-inch diagonal,
value-priced notebook PC that
keeps you productive and
connected on the go

Windows®. Life without Walls™. HP recommends Windows 7.

Durable, stylish and affordable

The HP 425 Notebook PC is a tool for success. This notebook's stylish, understated microfiber pattern design comes in a stone gray color for a clean, professional look. It is powered by the latest AMD processors to help you get the job done. With an energy-efficient 14.0-inch diagonal LED-backlit display, optional 2-megapixel webcam¹, and integrated Wi-Fi², the HP 425 Notebook PC is your link to the world.

Get working, right out of the box

Corel Home Office productivity software is included³, so you can begin using your notebook for word processing, spreadsheet, or presentation projects with applications that are similar to the office suites you've used before.

Multimedia features included

AMD VISION Pro Technology with ATI Mobility Radeon HD graphics let you experience life in high definition⁴, while the HDMI port allows you to connect directly to high-definition displays⁵.

Stay connected

With optional Wi-Fi certified WLAN², you can send and receive email or access the Internet at your favorite hotspots. You can use the optional webcam¹ and microphone, along with your wireless connection, for videoconferencing with no additional hardware to buy or carry. And with HP Fast Charge⁶, you can recharge your primary battery up to 90% in 90 minutes when your notebook is off.

Protection and convenience

Your data is important. HP DriveGuard helps protect it by reducing physical shocks to your hard drive. A spill-resistant keyboard helps protect key components from minor spills that can occur when you are computing on the go. And when it's time to dispose of your notebook, HP Disk Sanitizer⁷ allows you to completely wipe the hard drive.

HP Support Assistant makes it easier than ever to manage your notebook. This simple preinstalled software provides automated tune-ups, onboard diagnostics, and guided assistance to help you maintain your PC's performance and resolve problems.

THE COMPUTER
IS PERSONAL
AGAIN.

425 Notebook PC

425 Notebook PC

Windows®. Life without Walls™.
HP recommends Windows 7.

1. Sold separately or purchased as an optional feature.
2. Wireless access point and Internet service is required and is not included. Availability of public wireless access points limited.
3. Corel Home Office 60-day trial version included. Functionality is limited afterwards. Full version requires purchase.
4. HD content required to view HD images.
5. HDMI cable sold separately.
6. HP Fast Charge recharges your primary battery up to 90% within 90 minutes when the system is off. Fast Charge does not apply to the 9-cell battery.
7. For the use cases outlined in the DOD 5220.22-M Supplement.
8. This system may require upgraded and/or separately purchased hardware and/or a DVD drive to install the Windows 7 software and take full advantage of Windows 7 functionality. See <http://www.microsoft.com/windows/windows-7/> for details.
9. Certain Windows Vista product features require advanced or additional hardware. See www.microsoft.com/windowsvista/getready/hardwareregs.msp and www.microsoft.com/windowsvista/getready/capable.msp for details. Windows Vista Upgrade Advisor can help you determine which features of Windows Vista will run on your computer. To download the tool, visit www.windowsvista.com/upgradeadvisor.
10. Windows® XP Professional is preinstalled on this system and includes end user rights and media for Windows 7 Professional. You may only use one version at a time. You must back up all data (files, photos, etc.) before uninstalling and installing operating systems to avoid loss of your data.
11. This system requires a separately purchased 64-bit operating system and 64-bit software products to take advantage of the 64-bit processing capabilities of AMD technology. Dual/Quad/Triple-core processing available with AMD technology is designed to improve performance of this system. Given the wide range of software applications available, performance of a system including a 64-bit operating system and a dual-core processor will vary. This notebook PC does not support the over-clocking feature.
12. Maximized dual-channel performance requires SODIMMs of the same size and speed in both memory slots.
13. Maximum memory capacities assume Windows 64-bit operating systems or Linux. With Windows 32-bit operating systems, memory above 3 GB may not all be available due to system resource requirements.
14. For hard drives, GB = 1 billion bytes. Up to 8 GB (for Windows XP), 10 GB (for Windows Vista), or 15 GB (for Windows 7) of system disk is reserved for the system recovery software.
15. Double-layer discs can store more data than single layer discs. However, double-layer discs burned with this drive may not be compatible with many existing single-layer DVD drives and players. LightScribe media required and sold separately. LightScribe creates a monochrome image. Note that DVD-RAM cannot read or write to 2.6 GB single-sided/5.2 GB double-sided—version 1.0 media. Don't copy copyright-protected materials.
16. Requires initial user setup.
17. Shared video memory (UMA) uses part of the total system memory for video performance. System memory dedicated to video performance is not available for other use by programs.
18. 60-day trial period. Internet access required to receive updates. First update included. Subscription required for updates.
