

BUILT FOR TODAY. READY FOR TOMORROW.

Windows®. Life without Walls™. HP recommends Windows 7.

HP PRO 3005 BUSINESS PC

Designed to be
flexible enough to
meet your needs
today and grow
with you tomorrow

Realize your potential with the HP Pro 3005 Business Desktop PC. Powerful enough to handle your everyday small business needs today, with enough flexibility built-in to allow you to keep an eye towards the future. Get out-of-the-box productivity and flexibility in a modern look and feel today.

Flexibility comes standard

Your business needs evolve as your small business grows. You don't know exactly what you will need in future. With that in mind, the HP Pro 3005 is designed to evolve with you. Available ports, slots, and bays allow you to configure your PC to meet your needs today, and then expand your capabilities when the time is right.

Out-of-the-box productivity

This PC is ready to go when you are with capable AMD processors, a genuine Windows® 7* operating system, dual monitor support, NVIDIA® chipset and graphics controller, a variety of optical drives, and up to 8 GB DDR3 SRAM memory.

You get a PC equipped to make an impact right out of the box with a range of ports, slots, and bays to help you make the most of your new PC.

Do more with pre-qualified options

Build your potential with pre-qualified options like the 22-in-1 Media Card Reader, a SuperMulti LightScribe DVD Writer Drive so you can burn labels directly onto LightScribe disks, or a Blu-ray Writer Drive for even more disc storage potential.

Built to last

With innovative engineering and more than 130,000 hours of testing, you know you're getting a reliable and durable desktop that can go the distance.

Plus, the HP Pro 3005 offers service and support options, so you can spend your time focusing on what's most important—your business.

HP PRO 3005 BUSINESS PC

Windows®. Life without Walls™. HP recommends Windows 7.

Operating System	Pre-installed Genuine Windows® 7 Home Basic 32* Genuine Windows® 7 Home Premium 32* Genuine Windows® 7 Professional 32* Genuine Windows® 7 Professional 64* Windows® XP Professional (available through downgrade rights from Genuine Windows 7 Professional)**,** Genuine Windows® Vista Home Basic 32*** Novell SUSE Linux Enterprise Desktop 11 FreeDOS
Chipset	NVIDIA GeForce® 9100
Processors¹	AMD Phenom II, AMD Athlon, AMD Sempron
Graphics	Integrated NVIDIA GeForce® 9100 graphics controller
Memory support	Four (4) DIMM slots Up to 8GB PC-3-10600 (1333MHz) DDR3 SDRAM Memory (4 X 2 GB) <i>Note:</i> Up to 1 GB may not be available with 32-bit operating systems due to system resource requirements. Dual Channel is only supported when the system is configured with DDR3 symmetric memory (i.e. 2 x2GB). For systems configured with more than 3 GB of memory and a 32-bit operating system, all memory may not be available due to system resource requirements. Addressing memory above 4 GB requires a 64-bit operating system.
Hard drive²	160 GB to 500 GB SATA 3.0Gb/s hard drives (7200 rpm)
Removable media	SATA DVD-ROM drive, SATA SuperMulti LightScribe DVD Writer Drive, ^{3,4} HP SATA Blu-ray Writer, ^{3,5} HP 22-in-1 Media Card Reader ³
Expansion bays	External: Two (2) 5.25-inch and One (1) 3.5-inch Internal: Two (2) 3.5-inch

Audio	Realtek ALC662 High Definition audio codec, 3D audio compliant and HD Audio compatible
Communications	Integrated Realtek RTL8111DL Gigabit Ethernet Controller
I/O ports and connectors	Front: Two (2) USB, one (1) microphone, one (1) headphone Rear: Six (6) USB, one (1) VGA, one (1) DVI, one (1) RJ-45 Ethernet, one (1) SPDIF, one (1) serial, two (2) PS/2, three (6) audio: one (1) line in, one (1) line out, one (1) microphone
Input devices	Standard PS/2 or USB keyboard; PS/2 or USB 2-button optical scroll mouse, or USB 2-button laser mouse
Dimensions	Chassis: 385 x 185 x 416 mm 15.14 x 7.27 x 6.36 in
Power	250W ATX Power Supply 300W ATX Power Supply 85% energy efficient power supply (optional)
Limited warranty and services	1-year limited warranty, terms and conditions may vary by country and region; other HP Care Pack Services ⁶ available, see http://www.hp.com/go/lookuptool

*Offered upon general availability from Microsoft. System may require upgraded and/or separately purchased hardware and/or a DVD drive to install the Windows 7 software and take full advantage of Windows 7 functionality. See <http://www.microsoft.com/windows/windows7/> for details. **Windows 7 Professional disk may also be included for future upgrade if desired. To qualify for this downgrade an end user must be a business (including governmental or educational institutions) and is expected to order annually at least 25 customer systems with the same custom image. ***Certain Windows Vista product features require advanced or additional hardware. See www.microsoft.com/windowsvista/getready/hardwareregs.mspx and www.microsoft.com/windowsvista/getready/capable.mspx for details. Windows Vista Upgrade Advisor can help you determine which features of Windows Vista will run on your computer. To download the tool, visit www.windowsvista.com/upgradeadvisor. 1. This system requires a separately purchased 64-bit operating system and 64-bit software products to take advantage of the 64-bit processing capabilities of the AMD 64 processor. Given the wide range of software applications available, performance of a system including a 64-bit operating system will vary. Dual/Quad/Triple Core is designed to improve performance of multithreaded software products and hardware-aware multitasking operating systems and may require appropriate operating system software for full benefit. Not all customers or software applications will necessarily benefit from use of this technology. This PC does not support the AMD over-clocking feature. 2. For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 8GB (for XP and XP Pro), up to 10 GB (for Vista), and up to 16 GB (for Windows 7) of disk space is reserved for the system recovery software. 3. Optional feature sold separately or as an add on feature. 4. Don't copy copyright-protected materials. Actual speeds may vary. Double Layer is a new technology. Double Layer media compatibility will widely vary with some home DVD players and DVD-ROM drives. Note that DVD-RAM cannot read or write to 2.6GB Single Sided/5.2 Double Sided-Version 1.0 Media. LightScribe creates a monochrome image. LightScribe media required and sold separately. 5. Blu-Ray is a new format containing new technologies; certain disc, digital connection, compatibility and/or performance issues may arise, and do not constitute defects in the product. Flawless playback on all systems is not guaranteed. In order for some Blu-ray titles to play, they may require a DVI or HDMI digital connection and your display may require HDCP support. HD-DVD movies cannot be played on this Desktop PC. Don't copy copyright-protected materials. 6. Service levels and response times for HP Care Packs may vary depending on geographic location. Restrictions and limitations apply. Service starts at date of hardware purchase. For details, visit www.hp.com/go/carepack.
